Catarrh of the Stomach a Prevalent Disease Difficult to Relieve.

A PROMPT AND EFFICIENT REMEDY.

Mr. S. W. Jackson, 315 Weaver Block, Greenville, Ohio, writes: "When I was superintendent of construction of J. P. Bender and Bros. Co., of Hamilton, Ohio, I became entirely unfit for business with catarrh of the stomach."

"A friend called my attention to a remedy for this condition. I began to improve at once. I was soon able to return to my former profession."

"It would require many pages to describe the condition I was in and the relief I have obtained."

Here is another case. Officer George Y. Stout, 724 North Broadway, Baltimore, Md., says: "I suffered very much with catarrh of the stomach and nervous indigestion. I lost fifty pounds in four months."

"A friend called my attention to a remedy, which I used, and gradually got well. I have gained half my lost weight back again."

Chronic Stomach Trouble.
Mr. Robert J. Gillespie, 635 South Main St., Los Angeles, Cal., secretary of Lather's International Union, was also suffering from catarrh of the stomach a long time. He grew thinner and sicker, lost all ambition and appetite. Sick at the stomach, indigestion continually.

A friend also called his attention to a remedy, which brought about a decided improvement. After continuing the use of the remedy for a month, he considers himself permanently relieved. Now, once more, Mr. Christian Hoffman, Stirlington, Pa., says he suffered many years with catarrh of the stomach. It produced a miserable cough, day and night. He tried doctors and many remedies. At last his attention was called to a remedy, the same remedy that relieved the others which had been referred to above. He claims that he was entirely rid of his stomach difficulty.

Peruna Brought Back Health.
What was the remedy that has wrought this remarkable relief? So far, the remedy has not been mentioned.

If any one doubts the correctness of these statements it is very easy to verify them by writing to the people whose names have been given, enclosing a stamp for reply.

The remedy is within the reach of every one. It is simply the good, old standard reliable remedy known as **Peruna**.

"ENTERPRISE" ON HIS TRAVELS

Attended Marriage of Relative in Illinois.

HAD AN INTERESTING TRIP, ETC.

"Elizabeth Cottage," Bureau Co., Illinois, Oct. 31, 1910.

We arrived here at 2:30, where autos and carriages and several friends are in waiting and we are rapidly whisked over the fine road to this "cottage," where we are to be for a week. Kentucky blue grass and vast fields of corn are in evidence here. Pretty villages line the railroad. Large stock yards, holding thousands of cattle, are being raised, and small, but immense barns and other outbuildings, all painted. We are greeted by sisters here from Nebraska and Alabama and another reunion of 11 members of our family is enjoyed. On Friday we ran over to Princeton in a 40 horse power auto, 15 miles in 20 minutes, only slight checks for bridges and railroad tracks, to a luncheon tendered us and meet there many friends. Weather was equally and some snow on Thursday.

On Saturday at 2 p. m. we attended the wedding of our niece, Miss Janet Montgomery Norris, and Mr. Edward S. Bangs, of Indianapolis, Ind., where 180 guests were assembled in the spacious parlors, beautifully decorated with chrysanthemums and autumn leaves. An elegant menu was served by colored waitresses from Chicago. Numerous useful and valuable presents were shown. At 6 p. m. the bridal couple left for Indianapolis and will later go to Chicago.

A drive to La Moille, a pretty village 2 miles distant, afforded opportunity for seeing a grand panorama, roads fine, 66 feet wide, lined with blue grass, solidly matted, 15 in. long, also a great deal of red clover. We drove around a farm of 1,700 acres, where hundreds of cattle and hogs are being fed, over 200 hundred brood sows, 70 horses and mules and the acreage of corn this year was 450. The adjoining farm of 800 acres, worked by tenants, yields an income of \$10,000 per year. At our cottage 800 acres are rented to tenants for 1-2 the crop, oats yielding 84 bushels and a second crop of volunteer seemed too good to ignore for corn as the crop is doing. Wheat yielded 29 bushels and the corn crop yielded 70 bushels. This tenant was plowing for corn with 4 line horses, about single ending plow, cutting 18 in. furrow. He keeps 30 head of horses and mules and feeds all his corn, having now 100 head of cattle. These three holdings are the original tract bought and owned by the fathers of the present owners, and were then bought at \$4.50 per acre on account of timber on them. They have advanced in price steadily and \$250 now offered. These tracts are enclosed principally by hedges of hard wood. On an adjoining farm the fields have been cropped continuously in corn for 7 years without any apparent lessening of fertility. The tenants on this tract pay \$5 per acre for the soil tracts that are kept continuously for the cows and work horses. Our hostess, who is very progressive, has 20 acres of land to the State for an experiment station and they have planted a crop of corn and were yesterday threshing sola beans. She is also building a large dry house to cure seed corn for sale.

Today our company of six leave for Chicago en route to Fredericksburg, Va., after some sight seeing in the West. We will be in King George, Va. for Martinsburg to see to us a different landscape and perhaps better view of the mountains, some of which we passed in the night.

Our visit has been very pleasant, as weather conditions, after the squall passed, have been ideal.

Adieu. Enterprise.

BOYS PUT BUGGY IN RIVER

Mr. John Hicks purchased a buggy Saturday at Mr. Kinsey's auction for a reasonable sum. He took it home, and he had to lift the buggy over the fence. Monday night boys on Dossell field were out on Halloween pranks. They took the buggy and pulled it down to the river. They did not shove it out far enough, however, to float away. It took John a good while the next day to get his buggy back home. He says he will sell it.

AUTHORITIES AFTER AN OLD MAN

A lookout telegram was received here Wednesday from Charlottesville, West Va., to look out for an old man of short build, about 80 years old, driving a light sorrel horse, white face, two white hind feet, silver mane and tail, black buggy, red gear. He registers as K. A. Klinger, Dauphin county, Pa. If located notify the authorities at Fredericksburg, Va.

SENT TO REFORMATORY

Clifford Lawson, colored, aged 14 years, of Berea, Stafford, was sent to the State Reformatory by Justice James A. Ballard Wednesday as being an incorrigible youth. He was brought here and locked up to await the arrival of a guard from the reformatory.

Not Sorry For Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, laryngitis, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. Guaranteed by M. M. Lewis."

Prominent Railroad Men Visit the City.

A distinguished party composed of the following gentlemen arrived here on a special train at 1:15 p. m. Wednesday: F. D. Underwood, president Erie Railroad; Otis Cutler, manufacturer, of New York; George Orcutt, general secretary Erie Railroad; Chas. J. Roberts, manufacturer, of Baltimore; Daniel Willard, president B. & O. R. R.; H. C. Hooker, secretary to President Underwood; Mr. Bullock, secretary to President Willard, and Mr. Jorman Call, secretary to President Willard. They were met at the depot here by Mr. C. C. Cox, agent R. F. & P. R. R., and carried to various places of interest. The party left at 3 o'clock for Washington, after inspecting the improvements made here by the company.

Shall Women Vote?

BOWLING GREEN LETTER

Bowling Green, Nov. 2, 1910.

Numbers of hunters went on November 1st and bagged a fine lot of game.

Mr. J. T. Richards has returned from New York, where he has been for the past week. Mrs. R. will remain several days longer.

Miss Marie Yall, of Maryland, is a guest of Miss Louise Haines.

Little Emily Travis, who was operated on at Virginia Hospital, Richmond, this week, is doing nicely. She returned home Wednesday.

Mrs. A. B. Chandler, Jr., of Fredericksburg, is spending this week with Mr. and Mrs. A. B. Chandler.

Rev. E. H. Rowe, of Buena Vista, spent a portion of this week in town. He returned Wednesday accompanied by his mother, Mrs. Margaret Rowe, who will spend some time with him.

Mrs. A. B. Chandler, Sr., has returned from a visit to her daughter, Mrs. Robert Manz, in Washington.

There were a number of out of town guests present, as well as many friends in this city.

After the coronation refreshments were served, and the bride couple left on the 6:55 train for their home in Bowling Green.

SHOT WHILE HUNTING

Joseph Washington, colored, was seriously hurt and probably fatally shot by one of his brothers Tuesday while hunting on the farm of Mr. M. G. Willis in Orange county.

The two brothers were hunting and in some way the gun of one was discharged, the entire load entering the breast and stomach of Joseph. Dr. Gordon and his wife were summoned and found Washington in a critical condition.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one disease that modern science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing her work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ROLL OF HONOR

The following is the roll of honor for Catarrh selected No. 1, in Rock Hill district, Stafford, for month ending Oct. 31st, 1910.

TWO TABLETS AND STOMACH MISERY GONE

K. N. Goodrick sells and guarantees the best prescription the world has ever known for disturbed and upset stomach, belching, heaviness, heartburn, acid stomach and biliousness.

It is called M-I-O-N-A, remember the name, and it banishes distress from the stomach in five minutes.

It is guaranteed by K. N. Goodrick to cure indigestion, sick headache, nervousness and all stomach troubles. No matter how long you have suffered you will find a certain cure in M-I-O-N-A stomach tablets.

"About six weeks ago I purchased a box of M-I-O-N-A tablets for an aggravated form of stomach trouble. I had been troubled for four or five years, had tried different physicians and a great many patent remedies, but of no use, until I used M-I-O-N-A. They entirely relieved me from pain, and I can now eat most any kind of food and feel fine."

A VOLCANIC BEACON.

Curious Lighthouse of the Republic of San Salvador.

The republic of San Salvador, on the Pacific side of Central America, is the only government on earth that collects lighthouse fees on account of a volcano that it owns.

The volcanic beacon is about eight miles inland from the port of Acapulco and its pillar of cloud by day and its fire sky night are visible for many miles out at sea. It erupts every seven minutes and is just as accurate as any revolving light that warns mariners in any part of the world. This volcano has been keeping up this seven minute series of eruptions ever since any one can remember. It is a favorite amusement of visiting gringos to sit by the hour during the lazy afternoons and, watch in hand, time the eruptions until they tire of the amusement and fall asleep.

Every vessel that puts in at Acapulco—and it is quite an important port of call along that part of the coast—has to pay its lighthouse fee. There is no other lighthouse than the volcano, but that is a sufficient excuse for the government of Salvador to make a charge for its services. The explosions like detonations of heavy charges of dynamite, but are not sufficient to shake the ground perceptibly more than a mile or two from the summit of the crater. At night there is a spurt of fire, a muffled report and a cloud of steam. By day only the steam is visible.—New York Press.

PUGH-KENDALL

The home of Mr. and Mrs. Samuel H. Kendall on Sophia street was the scene of a pretty marriage Wednesday evening when their daughter, Miss Grace Lee Kendall, was united in marriage to Mr. Henry Cleveland Pugh, of Bowling Green.

The ceremony was performed by Rev. J. R. Jacobs, pastor of the Methodist church.

The attendants were Miss Olive Pugh, a sister of the groom, and Mr. Preston Reynolds, both of Caroline county. The flower girls were Misses Jeannette, Margarette and Winnie Jefferson, nieces of the bride, dressed in white with blue ribbons. The bride was gown in a gray traveling suit, with hat and gloves to match, and the maid of honor was attired in a pearl gray costume.

The wedding march was rendered by Miss Annie Kendall, sister of the bride.

There were a number of out of town guests present, as well as many friends in this city.

After the coronation refreshments were served, and the bride couple left on the 6:55 train for their home in Bowling Green.

Corrected figures from the Department of Public Instruction show that there will be an increase of twelve thousand dollars in the public school fund this year instead of a decrease of thirteen thousand. This is due to the fact that the last General Assembly gave an additional twenty-five thousand dollars to offset the delinquent capitation taxes. The schools get as a result of that legislation more money than last year.

NEW TALES THAT ARE TOLD

Forgiveness Too One Sided.

Representative Harry Maynard of Virginia tells the story of how a religious old negro in his district put a stop to the exercise of Christian charity in the congregation of which he was a member. It seems that it was a practice in the church to excommunicate for one year any member who had been guilty of a "blood fight."

At the end of the year if the offender wished reinstatement he could go to the "mourner's bench," rise and declare his repentance and be forgiven by the congregation. This went on for many years. At last a young dandy who had been in a particularly objectionable brawl appeared for reinstatement. The pastor made an eloquent appeal to the congregation and everybody began to shout and say "Amen."

It was at this point that the old negro arose and said boldly:

"Look here, pastor; ever since I been a member of this congregation, dar' an' been 'boutn' but fightin' an' fagin', an' I been doin' all de fagin'. I's tired of it!"

That broke up the meeting.

A Traveler's Experience With Two Arizona Cattlemen.

Dillon Wallace, on his trip through the Rockies, encountered unusual experiences, many of them humorous. He discusses the first stage of a trip and says regarding his introduction to the west: "It was a Sunday evening, and probably because it was not customary for the limited to stop at Holbrook, Ariz., the usual assemblage of townfolk was not there to meet the train. While I stood, uncertain which way to turn, two young fellows, spurred and booted, in shirt sleeves and wearing jaunty sombreroes, observed me from a corral opposite and good naturedly came to my assistance.

"I reckon you want a hotel," said one of them, taking possession of my suitcase without further introduction and with a self reliance and air of proprietorship quite refreshing.

"I reckon I do," I assented, as we turned up the street to the northward.

"Payin' bones?" he asked.
